Personalized Name & Address Plaques 2007

# Cast Aluminum Plaque Color & Size Options

For over 60 years, Whitehall has been crafting personalized name and address plaques to provide a distinctive finishing touch to millions of homes. Renowned as the world's largest manufacturer of personalized name and address plaques, Whitehall's reputation for quality and reliability is unsurpassed.

Few products can add as much value to the curb appeal of your home as a Whitehall Personalized Plaque. Each plaque is crafted from rust-free recycled aluminum. Paints have been specially formulated and weather tested to withstand the harshest elements, and many Whitehall address plaques are designed to provide maximum visibility to meet local "911" emergency standards.

**When selecting your Whitehall Plaque,** it is important to consider a few key factors:

#### Personalization:

- Do you need a street name as well as address number?
- Do you want your family name to appear on the plaque?
- If this plaque is your only address marker, it's a good idea to check local 911 codes for proper number sizes.
- Since each personalization is different, Whitehall may select an alternate character size to optimize the appearance of your plaque.

#### Size and Location:

- Estate, standard, and petite sizes are available in wall or lawn mount to accommodate any space.

#### Style & Color:

- What design, shape and color best complements your home?

**Use the catalog** to find plaques that will match your needs. The book is divided into Traditional, Classic, Artisan, Reflective, and Illuminated categories. Each category then is further defined by plaque styles, color options, sizes, number of lines, size of personalization, and mounting options (wall or lawn). Your retail professional will be happy to assist you with plaque selection and writing your order.

**Traditional Plaques** (Pages 4-29): Styles include architectural, decorative, oval, vertical, specialty, memorial, and entryway. Mailbox signs and address posts also fall within the traditional plaque category (Pages 36-39).

**Classic Plaques** (Pages 30-31): This exciting category boasts rich designs and 3-dimensional construction with high relief numbers.

**Artisan Plaques** (Pages 32-34): New plaques feature trend setting styles with naturalistic material options. Styles include carved stone and metal.

**Reflective/Illuminated Markers** (Pages 40-43): These innovative plaques provide outstanding visibility and safety during the day and evening hours.

**Pricing:** All prices in this catalog are effective April 1, 2007. Prices are shown as suggested retail. Retailer discount can be found in our terms and conditions sheet. Prices are subject to change without notice.
