

A clean-face design and generous fireplace dimensions exude elegance, displaying an exceptionally realistic fire with steady, comfortable warmth.

The LBV gas-burning, B-vent fireplace from Lennox features a beautiful clean-face design that offers an elegant custom-built appearance. With two large sizes and an incredibly realistic 50,000 BTU/hr log set, this exceptional fireplace provides great warmth and style with the convenience of a gas-burning fireplace. Choose from a variety of design and convenience options to complement your lifestyle and décor.

IMPORTANT NOTES:

As with any heating appliance, fireplace or stove, this appliance is extremely hot during operation. Read and understand all operating instructions before using this appliance. For further information, consult your dealer.

Local conditions, such as elevation, wind, vent configuration and choice of fuel will affect overall appearance of the fire and heating performance. Performance can also vary with home design and insulation, climate, condition and type of fuel used, appliance location, burn rate, accessories chosen, chimney installation and how the appliance is operated.

Diagrams, illustrations and photographs are not to scale - consult installation instructions. Product designs, materials, dimensions, specifications, colors and prices are subject to change or discontinuance without notice.
